

Meet the AX PRO Wireless Alarm System

An intelligent alarm system that brings real assurance

Are you concerned about the safety of your home and the well-being of your loved ones when you are away? Do you own an office or a business and worry that theft, robbery or other accidents might occur during your leisure time?

Well, it is time to meet AX PRO – the advanced alarm system that helps guarantee the safety of your valuables, with continuous protection and real assurance 24 hours a day.

With precise detection and instant visual alarm verification, the AX PRO is the first wireless intrusion alarm system for homes and businesses that integrate comprehensive protection, smart automation, video security, video intercom, access control, and more.

Any Device or Trouble with the System?

Don't Worry!

You'll enjoy easy remote health monitoring and troubleshooting services from professional security service providers.

The AX PRO System can be managed and maintained conveniently. With your authorization, your service provider can remotely monitor the device and system health status any time from anywhere. What's more, in case of a power or network failure, your service provider can remotely check the problems first and even conduct troubleshooting without needing to enter your home or office, saving you time and costs.

SIMPLICITY THROUGH INNOVATION

AX PRO Wireless Intrusion Alarm System

VISIBLE ALARMS FOR REAL ASSURANCE

Why Choose AX PRO?

Secure your valuables with reliable alarm protection

1 Visible alarms for real assurance

With AX PRO, home- or business-owners can verify alarms by watching video clips or GIF imaging when they are away from their property, staying informed in real time and resting easy with real assurance.

Wireless PIRCAM Detector

Takes care of both indoor intrusion alarm. Alerting you even before the intruders realize that they're exposed. When the alarm is triggered, up to 20 photos will be sent to your Hik-Connect App and to the ARC.

Wireless Triple Signal Detector

Provides a better image and more precise detection for outdoor security

The external detector can effectively filter false alarms. It is also equipped with anti-masking detection so that hidden property damage will not be missed. Also, you can choose to add the camera module for visual verification.

Seamless Integration with AcuSense & HeatPro Cameras

Powered by industry-leading IVaaS technology

With Hikvision's AcuSense-equipped Network Cameras and Bi-Spectrum Thermal Network Cameras, you can expand the protection scope of the surrounding environment of your property now, with 7 seconds of video when an event is triggered for verification.

2 Multi-dimensional detection for comprehensive protection

Along with instant visual verification for all-around intrusion protection, the AX PRO helps keep an eye on every corner of your place, indoors and out, including early warning of smoke and fire, water or gas leaks, and more. The sleek, modern design suits virtually any home or office environment.

Curtain Detector

With excellent detection range and technology, you're completely sorted to protect your windows and doors.

Panic Button

Discreet and portable, raise an alarm with minimal fuss and straight-forward set up of the both fixed and portable wireless panic button.

Magnetic Detector

The magnetic contact is versatile and easily configurable to suit a variety of needs and detect status of windows, doors etc.

Environment Detector

With built-in various sensors, it protects your house 24/7 and send early warning of water leaks, smoke and sharp jumps in temperature to reduce potential damage.

Glass Break Detector

Protects your windows and immediately alerts you if any intrusion happens around your windows.

Sounder

Both the internal and external sounder offer up to 110 dB alarm volume, keep you stay alerted when it matters most.

3 Precise detection with reduced false alarms

The AX PRO system is an ideal choice for families with pets. Powered by deep-learning algorithms, it is designed to detect only human intrusion but the alarm will not be triggered by your pets.

More Than an Intelligent Alarm System

Security & automation in a single solution for limitless possibilities

Smart automation

Setup intelligent control in homes with a whole range of smart control devices, relays, outlets, and more. With customized rule setting via AX PRO, you get smart management of your lights, air-conditioning, and other electric appliances, for a more intelligent home.

Integrated system with flexible linkage

Featuring full integration with virtually all Hikvision devices and systems – including video security, access control, video intercom, and more – AX PRO brings more convenience to everyday life.

Full security on a convenient mobile app

Having everything under control has never been easier. With the Hik-Connect app, you can now manage all AX PRO devices, video intercoms, security cameras, and more, simply from your smartphone.
